IRRIGATION.

Some Suggestions on the Subject by an Assemblyman Elect.

CARSON, Dec. 11, 1886.

EDITORIAL:—Yesterday morning's issue of your paper contains a list of bills that you think ought to be passed by the coming Legislature.

Now you know it is customary to growl about the laws passed by the Legislature of Nevada, and in this regard I wish to suggest a reform. Let the growling be done before the laws are passed.

The members of the Legislature are the servants of the people, and so far as my observation goes they have always willingly held themselves as such; yet the people, during the time the Legislature is in session, stand aloof and refrain from giving admonition or advice to their representatives.

This has been the general rule, yet when there have been exceptions the Legislators have quickly responded. Washoe county is an apt illustration of this. Whenever the people of Washoe want anything they tell their representatives in the Legislature about it, and then back them up by facts, figures, petitions and arguments. The other members of the Legislature are quite naturally affected by such united action, and whatever Washoe wants goes through with a boom.

Any other county in the State could do as well, and what may be accomplished for a county may be done with greater ease and facility for the State—that is, provided the people of the State take sufficient interest in any one subject to press its attention upon the law-making power.

During the coming session of the Legislature the most important question to be considered will be that of reclaiming the desert lands and providing a system of irrigation for the State, which is one of the subjects included in your list. The scope of this matter is so great that it is not reasonable for anyone to expect a solution of the problem by the Legislature unless they call to their aid the services of the leading surveyors and engineers, as well as the practical irrigators of the State. It is for the purpose of giving prominence to this particular point that this communication is written. Upon my own part, no claim of a knowledge of the subject under discussion is made, but I do profess to have an earnest desire for information. There are men in the State who are able to give this information. It is their duty to do so. The considerations of State pride and an interest in the general welfare should be sufficient incentive to bring out a response to this appeal.

Suggestions from all classes of persons would be accepted, and might be embodied in letters, or could be formulated in bills. These may be addressed to the Governor of the State, to be retained until the meeting of the Legislature, and by him transmitted to that body for consideration.

A special committee, partaking of the character of a Commission, should be formed for the purpose of making a full investigation of this subject. This Commission might be composed partly of members and partly of citizens interested in the matter. This Commission could then properly secure the attendance of the most thoroughly informed men of the State, and by discussion would possibly arrive at conclusions that would be satisfactory to the Legislature, and would prove beneficial to the State at large. There is no division of sentiment upon the urgent necessity of action in this great matter, and if a feasible plan for the handling of this question can be devised by the coming Legislature, the time would be well spent, even though not another measure should be considered.

Respectfully,
WELLS DEURY.

SUTRO WILL BOOM.

One to be Extracted Through the Tunnel and Worked on the Carson River.

A Dayton Times reporter had a conversation with a gentleman who is well posted in regard to what information he gives, last week, and it is learned that on Thursday last the force of miners employed in the Sutro Tunnel were ordered to begin laying track from the main tunnel to the Savage mine. The rails are being taken up from the Ophir to the face of the main north drift. Sixteen men are now employed in this work and they will have a double track built from the main tunnel to the Savage mine, a distance of about 1,000 feet, in less than ten days from the time work was commenced. The tunnel strikes the Savage at a depth of 1,650 feet and at this point there is rock in the mine that will assay on an average of from \$30 to \$40 per ton, with some assays going into the thousands. It is understood that the Tunnel Company is to receive 25 cents per ton per mile for the transportation of this ore through the tunnel to its mouth; also that the rock will at present be worked at the Rock Point mill. The proposition of taking out ore from the Comstock mines is not a new one, as it has been thought of many times before, but for some reason it has never been done. Now that a start has been made other mines besides the Savage will probably do the same thing in the near future. It will not only be of advantage to work low grade ores on the Carson river by bringing them through the tunnel, but much can be saved in expenses. Our information in regard to this matter comes from what we consider pretty good authority, and we believe that the time is coming when the Carson river will be again lined with mills at work on Comstock rock, and that Sutro instead of being a half-dead camp will experience a business revival almost equal to that of the time when the great work of building the tunnel was carried on.

An Offer to the Stockholder.

SAN FRANCISCO, December 11.—The Board of Directors of the Geary street road, upon whom a committee of men waited with a demand for increased pay and shorter hours, have come to the conclusion that they cannot, under the circumstances, accede to the men's demands. They have offered to lay open their books to the investigation of a committee appointed by the men. The Directors agree if, after examination of their books, the committee comes to the conclusion that the company can afford to make a concession, to submit the matter to the stockholders. The men will hold a meeting to consider the matter.

Hydraulic Mining.

WASHINGTON, Dec. 11.—Representative Louttit is preparing a bill providing for the appointment of a commission of Government engineers to examine the subject of hydraulic mining in California and ascertain whether it is not possible to dispose of the debris without injuring other property. Mr. Louttit thinks that California needs the gold that could be obtained from the mines in the mountains by the hydraulic process if it can be mined without injury to other property. His bill establishes a commission of United States engineers, who are instructed to make a thorough investigation of the matter and report.

Rear Admiral Jonett has returned to Washington. He inspected the guns of the Dolphin and reports that they have proven highly satisfactory, particularly the secondary battery. The six-inch gun carriage did not work as well as it might. Although the speed of the Dolphin was not tested, he reports that she readily made thirteen knots with little motion, and gives promise of going over fifteen. While going at thirteen knots the order to back was given, and in twelve seconds from the ringing of the bell she was backing, not showing more than a length ahead from her headway.

The Index says Carson will have a fine crop of hoodlums if boys are permitted to roam the streets until late of night, as they do now. Some of them are very impudent youngsters.

WILL CARLY PASSENGERS.—The Truckee Republican says: Last Monday evening when Superintendent F. Moore, of the U. P. R. R., was in town he was waited upon by several of our business men with a request that orders be issued allowing passengers to be carried on the "swing" train between this place and other points along the river. He promised that the request would be acceded to during the ice season and orders have been issued allowing "ice men" to ride on the train providing they first procure tickets at the stations. This is better than nothing, but we fail to see why it would not be good policy to allow others than "ice men" the same privilege.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-awf-1v.

AN OPEN LETTER TO THE PUBLIC.—The Palace Bakery folks do make their candy, and do not import cheap adulterated goods. We commenced candy making 18 months ago, and said then as now, that we don't give up what we once undertake to do. Our candy trade has increased 25 per cent. since, for which we feel thankful to the public. We do not only make candy once a week, but every day in the week, and we will be pleased to show our shop to any one. Our place shall be known after this as the Nevada Cracker and Candy Factory. We sell candy wholesale and retail. Leave your money in Reno, don't send elsewhere. Respectfully,
O. HARTUNG.

FOR SALE.—Mrs. M. J. McGrath desires to sell her ranch near Mill Station, lower end of Washoe Valley. Also all household goods, seventy-five stands of bees, three milch cows, wagons, etc. Everything will be sold at a very reasonable rate.

The Nevada Candy Factory don't puff or blow about what they can do. When we advertise we state plain facts and are willing to substantiate everything we say. The best proof that our candies are superior to any is the fact that so many doubt that we make them. To all those doubting ones we say come and find out for yourself. It won't cost you anything and we shall be pleased to show you our goods and the way they are made.

"NAVAL ENGAGEMENTS."—On Christmas night the short but very entertaining drama of "Naval Engagements" will be presented at the Nevada Theater for the benefit of the Kindergarten Association, with the following cast of characters:

Admiral Kingston.....R. H. Lindsay
Lieut. Kingston, (R. N.) Dr. J. Lewis
Short.....T. F. Laycock
Dennis.....Benno Barnett
Mrs. Pontifex.....Mrs. S. D. King
Miss Mary Mortimer.....Mrs. A. Wright
After the rendering of the above, which will take about one hour, there will be a social dance. Tickets to entertainment and dance will be one dollar. Reserved seats for sale at Nasby's without extra charge.

ENTERTAINMENT.—The concert in connection with Mrs. Jarley's wax work show promises to be one of the finest entertainments of the season. There will be 15 life-sized figures exhibited each evening, of prominent characters of history and fiction. To appear at Nevada Theater, December 16th and 17th. Admission, 50 cents each evening. No extra charge for reserved seats. Box sheet now open at Thurston's news depot.

STATE LAND OFFICE.—During the week ending Friday applications were filed for 4,040 acres of land at \$1 25, on which was deposited the sum of \$1,010 as first payment. Meanwhile a \$300 contract and other payments were made, making sum total receipts \$1,310.

ELECTION.—Last Saturday evening Reno Lodge, No. 13, F. & A. M., elected the following officers for the ensuing year: H. L. Fish, W. M.; R. H. Kunz, S. W.; H. Werner, J. W.; T. K. Hymers, Treasurer; S. M. Jamison, Secretary.

SOL. FRANKEL ARRESTED.

Nearly Starved and in a Demented Condition.

The Enterprise of Sunday says: Sol. Frankel, the managing member in this city of the firm of L. B. Frankel & Co., stockbrokers, who failed a few days ago for over \$1,000,000, was arrested by Sheriff Donovan last evening, and is at present safely confined in the County Jail.

It was thought at first that he had made his escape from the city, as his nephews and partners, Louis and Jacob Frankel, had done, and nobody suspected for a moment that he had merely retired to his rooms, in the Douglass building, right in the heart of the city, and on the same floor with the Washoe Club rooms. Yet such seems to have been the case. The Frankels rented a series of rooms, and kept a regular bachelor's establishment, with private cooks and all that sort of thing. When they surrendered everything in insolvency and disappeared from public view, the furniture of their rooms was among the assets.

It is said that Sheriff Donovan, into whose hands all their property was supposed to be surrendered, in taking a look through the rooms yesterday afternoon, found Sol. Frankel in his own room. It is also said that he sent for the Sheriff and virtually surrendered himself, being actually in a starving, demented condition.

The legal development of the matter is as follows: The Sheriff took Frankel under arrest, on behalf of Mrs. A. Laigneau, charging him with the crime of embezzlement. The Sheriff took him before Justice Kehoe at 7 o'clock last evening, passing up the main street. It being after dark, however, nobody recognized the prisoner. The Court decided to hold the defendant in the sum of \$2,000 to appear before the Grand Jury, and the bail not being furnished, the prisoner was taken at once to the County Jail. He had evidently been on pretty short allowance of food lately, for he ate ravenously of the beautiful supper provided. He looked very dilapidated and out of sorts, and his wandering expression indicated the belief that his mind had been seriously affected by the great business trouble through which he had passed. He was an object of pity, and seemed to be really glad to get within the hospitable walls of the County Jail.

This reporter tried hard to get a chance to interview him, but Sheriff Donovan had issued positive orders to allow no one to talk to the prisoner. This was hardly the proper thing, for a reportorial interview could have done no harm, but, on the contrary, would have given much interesting information to the public; information that Frankel would, no doubt, readily have given to the extent of his shattered and demoralized ability.

Further legal proceedings in the matter will be duly announced, but the interests of the creditors are being properly attended to and arranged. The other Frankels can easily be brought here from San Francisco, if required, yet how much good the actual presence of either of them would be in the community remains to be seen.

MRS. ALT'S PRIZE SOCIAL.—Last Saturday evening Armory Hall was crowded with the dancers of Reno and those anxious to see who would be awarded the prizes offered by Mrs. Alt for the best dancers. A committee of five was appointed, consisting of Mrs. J. F. Emmitt, Mrs. Jennie Lewis, Mrs. Budden, Chas. Leeper and Mr. B. F. Benson who, after watching the dancers picked out to contest for the prizes, awarded the one for the best gentleman dancer to Maurice Davis, and the one for the best lady dancer to Miss Lexie Finlayson. To-morrow evening prizes will be awarded to the most popular lady in the hall and one to the best looking young man.

ATTENTION, RENO GUARDS!—There will be a meeting of the Reno Guards this evening at 7.30 o'clock at Armory Hall; business of importance. By order

"BY A LARGE MAJORITY."—The engagement of Mr. and Mrs. W. J. Florence at the Nevada Theater, is attracting a good deal of attention, it being the first appearance in this city of these world-renowned and celebrated comedians, for one night, next Tuesday evening. They will present their successful comedy "The Mighty Dollar," and it is doubtful if there is any play on the American stage as well known to theater-goers as this. As a political satire, interpreted by Mr. Florence (the Hon. Bardwell State), and as a society pasquenade, rendered by Mrs. Florence (Mrs. General Gifford) the piece has been voted a great favorite "by a large majority." Not only in this country, but also in England, Scotland and Germany. Mr. and Mrs. Florence cannot be excelled, and Mrs. Florence will display some specimens of dressmaker's art which will be dazzling. They bring their own company of twenty artists, also their special scenery. The sale of seats commences Wednesday at Thurston's stationery store at regular price.

PAKKEK'S MAP OF NEVADA.

PARKER'S NEW MAP OF NEVADA.

THIS NEW AND BEAUTIFUL

MAP OF THE STATE,

Has Just Been Published, and is Now Ready for Sale.

It has been completed with great care in order to insure its being strictly correct, and furnishes a vast fund of valuable information regarding the topography of the State. There never has been a Map of the State prepared heretofore worthy of the name, and it is intended to fill a long-felt want on the part of citizens. It has been lithographed at large expense by the famous publishing house of Rand, McNally & Co., of Chicago, and does great credit to their well-known skill in the art. The Map is drawn on a scale of 12 miles to the inch, and shows all surveyed Townships up to date of issue, also all Mountain Ranges, Valleys, Rivers, Creeks, Brooks, Streams and Lakes, it also shows the correct position of all Indian and Military Reservations, and all Cities, Towns and Settlements, also all Railroads and the principal Wagon Roads. The County Boundaries are also depicted with absolute correctness, which is something that no other Map has even approximated to.

The Map is printed on the best of paper, and mounted with stick, top and bottom, with tape on edges and varnished, it is also printed on thin, strong paper, which folds up in stout covers for pocket form. The Counties are printed with different colors, making it altogether a valuable addition to any school house, library, parlor or private room, as well as valuable for instruction and reference.

The Map has been compiled by John W. Parker, the Chief Draughtsman of the United States Surveyor-General's Office at Reno, who holds the copyright, and is the condensation of all information on file in that office, as well as the celebrated War Department Maps prepared by Lieutenant Wheeler, he has also had at his command other recent and reliable data on which to rely, and the Map is issued to the public in the firm belief that it is in every way authentic.

The Price of the Map is \$5.00,

And copies will be sent to any address, postpaid, upon receipt of the money. Parties ordering will be careful to state which style is desired—mounted or pocket form.

John W. Parker,
Reno, Nevada.
